- **Be realistic - is the subject at the right challenge level for you?**
- **Balance your workload - seek a challenge but do not overwhelm yourself.**
- **Consider your possible future Pathway - choose subjects that can support your Pathway or if you are unsure keep your options open by choosing broad and diverse subjects.**
- **DO NOT PICK elective subjects because your friends are picking them, or based on the hope a particular teacher may take the class.**

Pathways to Year 11 and 12?

- Compulsory subjects in Years 9 and 10 provide a firm foundation for Senior Secondary subjects.
- In most cases, not studying a particular Year 9 or Year 10 elective won't mean that you can't do that subject or related subjects in Years 11 & 12
- It is a good idea to continue some subjects through years 9 & 10 if you wish to choose those subject in Years 11 and 12. Ask subject teachers or Heads of Department for more information.

When will Elective Subjects be Finalised?

- All five preferences are important.
- The order of your subject choices matters.
- There is no advantage to submitting your choices early.
- You must get them in by Monday July 29 if you don't want to miss out!
- Elective Subjects will be finalised in Term Three.
